

**PENTOBARBITAL SODIUM INJECTION****SECTION 1: IDENTIFICATION**

**Product Identifier:** Pentosol Injection C-II

**Material Name:** Pentobarbital Sodium  
A schedule II controlled drug

**Recommended Use:** For use in animals for humane, painless and rapid euthanasia.

**Restrictions on Use:** For use in animals only.

**Manufacturer:** **MED-PHARMEX INC.**  
2727 Thompson Creek Road  
Pomona, CA 91767

**Business Hours:** 8:30 a.m. to 5:00 p.m. Pacific Time Monday thru Friday

**Telephone Number:** 909-593-7875

**Emergency Telephone:** If over exposure occurs call your poison control center at  
1-800-222-1222 ... Human Poison Control  
1-888-426-4435 ... ASPCA Poison Control

**SECTION 2: HAZARD(S) IDENTIFICATION**

**DANGER!**  
**Harmful if ingested.**  
**Poison: Keep out of reach of children.**  
Avoid contact with eyes, skin or clothing.

**Product Description:** Clear, blue liquid with slight odor.

**Classification of the Substance or Mixture:** A schedule II controlled drug used for euthanasia in animals.

**Signal Word:** **WARNING**

**Hazard statement(s):** This product is toxic to wildlife. Birds and mammals feeding on euthanized animals may be killed. Euthanized animals must be properly disposed of by deep burial, incineration or other method in compliance with state and local laws, to prevent consumption of carcass material by scavenging wildlife. May cause an allergic skin reaction. May cause allergy or asthma symptoms or breathing difficulties if inhaled.

**Precautionary statement(s):** Caution should be exercised to avoid contact of the drug with open wounds or accidental self-inflicted injections. Keep out of reach of children. If eye contact, flush eyes with water and seek medical attention. Wash contaminated clothing before reuse.

**SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS**

Chemical Name	CAS Number	Concentration
Pentobarbital Sodium	57-33-0	6 gr/ml

**SECTION 4: FIRST AID MEASURES****Description of First Aid Measures:**

<b>In case of eye contact:</b>	Immediately flush eyes with plenty of water for about 15 minutes. If wearing contact lenses, remove only after initial rinse, and continue rinsing eyes for at least 15 minutes. If irritation occurs or persists, consult a physician.
<b>In case of ingestion:</b>	Rinse mouth and have the victim drink plenty of water to dilute the alcohol content. Consult a physician or poison control center immediately.
<b>In case of skin contact:</b>	While wearing protective gloves, carefully remove any contaminated clothing, including shoes, and wash skin thoroughly with soap and water. If irritation or symptoms occur or persist, consult a physician.
<b>In case of inhalation:</b>	Immediately remove the victim to fresh air. If any trouble breathing, get immediate medical attention. Administer artificial respiration if breathing has ceased. If irritation or symptoms occur or persist, consult a physician.

**SECTION 5: FIRE FIGHTING MEASURES**

<b>Suitable Extinguishing Media:</b>	Carbon dioxide (CO <sub>2</sub> ), extinguishing powder or water spray.
<b>Flammable Properties and Hazards:</b>	Under normal conditions of use, this material does not present a significant fire or explosion hazard.
<b>Flash Pt:</b>	No Data Available
<b>Explosive Limits:</b>	Under normal conditions of use, this material does not present a significant fire or explosion hazard.
<b>Auto-ignition Pt:</b>	No Data Available
<b>Fire Fighting Instructions:</b>	Wear full protective clothing and self-contained breathing apparatus (SCBA).

**SECTION 6: ACCIDENTAL RELEASE MEASURES**

**Environmental Precautions:** Do not let product enter drains, sewers, watercourses, soil or vegetation.

**Protective Precautions, Protective Equipment and Emergency Procedures:**

Pentobarbital Sodium is a physiologically active drug substance, it is toxic if ingested.

**Methods and Material for Containment and Clean Up:** Squeegee, sweep, scoop, or vacuum up spill. Minimize contact with spilled material. Keep other personnel away from the clean up area. Wear appropriate respiratory protection and protective clothing in the spill area. Notify your supervisor immediately. Clean area with a wet mop. Dispose of spilled material and clean up materials as given in Waste Disposal Methods below.

**Waste Disposal Methods:** Material should be disposed in accordance with federal, state and local regulations for DEA Schedule II controlled substances.

## SECTION 7: HANDLING AND STORAGE

**Precautions for safe Handling:** Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation in places where dust and aerosols are formed.

**Conditions for safe storage, including any incompatibilities:** Keep container tightly closed in a dry and well ventilated place. Store at room temperature between 15-30°C (59-86°F). Store upright and out of direct sunlight. Store away from ignition sources. Wash face, hands, and any exposed skin after handling. Do not eat, drink, or smoke when using this substance or mixture.

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

The purpose of the Occupational Exposure Band (OEB) classification system is to separate substances into different Hazard categories when the available data is sufficient to do so, but inadequate to establish an Occupational Exposure Limit (OEL). The OEB given is based upon an analysis of all currently available data; as such, this value may be subject to revision when new information becomes available.

**Ventilation And Engineering Controls:** Use with adequate ventilation. Follow standard medical product handling procedures. During decontamination of work surfaces, workers should wear the same equipment recommended in Section 6 (Accidental Release Measures) of this SDS.

### Personal Protection Equipment:

- Eye Protection:** Not normally needed during normal use. Use of safety glasses with side shields, goggles or full face protection may be required based on hazard, potential for contact, or level of exposure.
- Protection Gloves:** For situations in which prolonged skin contact is anticipated gloves that provide an appropriate barrier to the skin are recommended if there is potential for contact with this material.
- Respiratory Protection:** A respirator is not required for routine conditions of use of this product. Respiratory protective equipment (RPE) may be required for certain laboratory and large-scale manufacturing tasks if potential airborne breathing zone concentrations of substances exceed the relevant exposure limit(s). Workplace risk assessment should be completed before specifying and implementing RPE usage. If respiratory protection is needed, use only respiratory protection authorized in the U.S. Federal OSHA Respiratory Protection Standard (29 CFR 1910.134), equivalent U.S. State standards, or Canadian CSA Standard Z94.4-02.
- Protective Clothing:** During patient administration, use of lightweight cotton gown or other medical attire is recommended. In small-scale or laboratory operations, lab coats or equivalent protection is required. Disposable Tyvek or other dust impermeable suit should be considered based on procedure or level of exposure. Use of additional PPE such as shoe coverings, gauntlets, hood, or head covering may be necessary. Consult your site safety staff for guidance.

**Work/Hygienic/Maintenance Practices:** Train employees concerning hazards and precautions. Provide adequate exhaust ventilation. Wash hands and forearms after each use. Use indicated protective equipment while handling. Change respirator cartridges after four hours of continuous use or upon detection of an increase in breathing resistance or eye or nasal irritation.

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### Information on Basic Physical and Chemical Properties:

**Appearance:** Clear, blue liquid.

**Physical State:** Liquid

**Freezing Point:** No Data Available

**Boiling Point:** No Data Available

**Flash Point:** No Data Available

**Explosive Limits:** No Data Available

**Vapor Pressure:** No Data Available

**Specific Gravity:** No Data Available

**Solubility in Water:** Miscible

**Autoignition Point:** No Data Available

**Percent Volatile:** No Data Available

**Odor:** Slight odor.

**Odor Threshold:** No Data Available

**Melting Point:** No Data Available

**Flammability:** No Data Available

**Evaporation Rate:** No Data Available

**Relative Density:** No Data Available

**Vapor Density:** No Data Available

**Viscosity:** No Data Available

**Solubility Notes:** No Data Available

**Other Information:** No Data Available

**pH:** No Data Available

## SECTION 10: STABILITY AND REACTIVITY

**Chemical Stability:** Stable under normal conditions and recommended storage conditions.

**Reactivity:** No data available

**Possibility of Hazardous Reactions:** No data available

**Conditions to Avoid:** Open flames and high temperatures.

**Incompatibility:** No Data Available

**Materials to Avoid:** As a precautionary measure, keep away from strong oxidizers.

**Hazardous Decomposition Products:** No data available

## SECTION 11: TOXICOLOGICAL INFORMATION

### Information on Toxicological Effects:

The toxicological properties of the mixture(s) have not been fully characterized in humans or animals. Therefore, laboratory or process control systems and appropriate work practices should be in place to minimize the potential for inhalation exposure, skin contact, eye contact, or ingestion when working with this material. Only information about the ingredients that are expected to contribute significantly to the potential health hazard profile of the formulation(s) is presented.

**Carcinogenicity:** No Data Available.

## SECTION 12: ECOLOGICAL INFORMATION

**Toxicity:** No specific environmental toxicity data available for this formulation.

## SECTION 13: Disposal considerations

**Waste Disposal Method:** Disposal must be in accordance with applicable federal, state, and/or local regulations.

## SECTION 14: Transport information

**Transport:** This material is not subject to the transportation regulations of DOT, IATA, IMO, and the ADR.

## SECTION 15: Regulatory information

**Regulatory Information Statement:** No Data Available.

## SECTION 16: OTHER INFORMATION

**Last Revision Date:** January 1, 2015

**Disclaimer:** The information contained in this Safety Data Sheet is provided in good faith and is accurate to the best of our knowledge. However, the manufacturer assumes no warranties expressed or implied. Users of these products are advised to verify that the information is suitable to their particular purposes prior to their use of them.
